

# Droitwich & Evesham Banner Art

Wychavon District Council recently received some funding from Advantage West Midlands to create some art work with the local community to help promote the flooded shops in Evesham and Droitwich.

The Banner Art Project has proved to be a success with the shop owners and participants.

The designs for the banners were created by young people from local schools, (Blackminster Middle, St Josphe's Primary, Dodderhill and Ombersley First Schools) and Droitwich Art Group with the help of professional artists, Worcester Arts Workshop and Nicky DuPays.

The brightly coloured banners were designed to advertise the re-opening of the shops and to add colour to the ones in the process of opening. Photos taken by John Ford

Blackminster Middle School also designed a banner for the reopening of Blackminster Business Park on Saturday 1st December which was also damaged by the floods.
