

# Affected by flooding?

## Contacts to help you recover

We have set up a dedicated phone line for flood related calls on **01386 565018**. You can also find up to date flooding information and advice on our website at [www.wychavon.gov.uk](http://www.wychavon.gov.uk).

We've put together the following information and contacts to help you deal with the aftermath of the flooding. The lists of local domestic cleaning services, electricians, hire shops, plasterers, plumbers and skip hire are taken from the Yell.com website which is an online classified information service that provides the telephone number and address details of over 1.7 million businesses. **These are not our recommendations, but if you've lost your telephone directory or Yellow Pages in the floods the lists will hopefully provide you with an alternative easy to access reference list.**

### Bulky waste & skips

If you have any flood damaged bulky items such as furniture or white goods, **please check with your insurance company before disposing of them** as it may affect your claim. In the worst affected areas we're providing free bulky waste collections, but please bear with us as they will take time to organise. Alternatively you can take items to local household waste sites at: Hill & Moor/ Throckmorton; Hanbury Wharf, Droitwich Spa or elsewhere in Worcestershire. The trailer permit scheme has been waived for flood damaged items from domestic properties. If you have no means of transporting items to a household waste site, please check with your insurance company to see if they can help, as costs of removal may be possible to be added to your claim. Please look under Waste in the Yellow Pages for companies. If you are elderly or disabled, please phone 01386 565018 for help and advice.

### Royal Mail post
