Planning Application W/22/00201/OUT

Dear Sir,

With reference to the proposed building application on the Land at Hampton Lovett, we still strongly object to this proposal and our previous objections still stand.

Not only did we move to the area for the views we also moved for the peace and tranquillity of living in the country as did the residents of Doverdale Park. However this has already started to decline with the increase of traffic and safety on the A442 and this proposal will increase the traffic even further and greatly deteriorate and impair our outlook around the area.

We have read the documents of the governing bodies, but we are dismayed by the reactions of some of them who are totally oblivious to the life and rights of the local residents.

The locals that attend the services at St. Mary's Church will be intruded upon by the noise and loss of view by this development.

The pasture land which they state as being left as a buffer to the development, we feel is just a sweetener to the residents and which surrounds our property and is just a matter of time before they apply for the rest of the buildings on this land.

Please consider all the objections to this development and we urge you to recommend refusal to the application.

Yours faithfully

Steve and Jennie Harris
