

Broadway Submitted Neighbourhood Plan

Second Regulation 16 Consultation

RESPONSE FORM

Following the submission of the Broadway Neighbourhood Plan on 5 July 2021, Wychavon District Council invited comments from individuals and organisations under Regulation 16 of the Neighbourhood Planning (General) Regulations 2012 from 23 July to 3 September 2021. Wychavon District Council appointed Edwards Cousins of Radcliffe Chambers, Lincoln's Inn to conduct the Examination of the Broadway Neighbourhood Plan, with the Examination commencing in October 2021.

The Examiner has raised concerns relating to the omission of a representation made to the Regulation 14 draft Broadway Neighbourhood Plan by Turley on behalf of Amber Retirement Living Limited from the Consultation Statement. As such, and in agreement with Broadway Parish Council, the Broadway Neighbourhood Plan and associated documentation has been revised and Wychavon District Council are conducting a second Regulation 16 consultation for a period of six weeks **commencing on Friday 7 January 2022 and concluding at 5pm on Friday 18 February 2022.**

All comments will be made publicly available and identifiable by name and organisation (where applicable). The personal information you provide on this form will be held and processed in accordance with the requirements of Data Protection Legislation. More information on how we will hold your data can be found at:

<https://www.wychavon.gov.uk/privacy-policy>

Please note, given the changes to the updated Broadway Neighbourhood Plan and associated documentation are relatively minor, if you have made representations to the first Regulation 16 consultation (held from 23 July to 3 September 2021), unless you have anything further to add there is no requirement to resubmit these representations as they will be taken into account by the Examiner.

Please use the space below to make comments on this part of the Neighbourhood Plan.

The last three sentences of paragraph 5.3.13 are incorrect. The Cotswold escarpment we see today was created by erosion, not faulting. Please replace the last three sentences (from “The two areas...”) with the following:

The two areas were once covered by hard, Birdlip Limestone and softer, underlying layers of the Lias Group, mainly grey mudstones with varying amounts of limestone. These layers have been stripped from the Vale in the last half million years, initially by a large glacier running south through Worcestershire and then by the action of rivers. As the weight of rock was removed by erosion, the earth rebounded and the limestone edges were tilted upwards. Erosion of the underlying Lias continues, undermining the rigid limestone, which eventually cracks, breaks away and slides down the steep scarp slope, creating interesting geological features. Thus Oolitic limestone adorns the edge, whilst the Vale exposes older rocks of the Lias Group and red Mercia Mudstone.

The Trust will provide further explanation and/or references if needed.

Please use a separate form for each representation.
