Please state which part of the Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

H1 and H2

Please use the space below to make comments on this part of the Neighbourhood Plan.

I would not seek to downsize to a large estate on a major road outside the village. This assumption in the plan is flawed. Large estates like this are not in-keeping with the character of the village. The 2015 survey clearly identified a preference for infill housing and not large estates. The following meetings that supposedly ratified these large estates are not valid as they had far fewer consultees and were not sufficiently publicised. There was also insufficient communication/advertising that the plan was going to ignore the evidence collected in the 2015 survey and in fact completely contradict it. Instead of small developments/infill housing, which is what the survey clearly showed was preferred it now suggests large estates are the way forward?!

Please use a separate form for each representation.

Please state whether you would like to be notified of the Council's decision on the Neighbourhood Plan proposal:

Policy H6

Please use the space below to make comments on this part of the Neighbourhood Plan.

Policy H-6 in the plan is grossly unfair towards those who live outside the development boundary. This disproportionate restriction on our rights of development surely this needs to be removed or updated to allow small development. This in much more how a village grows and what younger generations are seeking, not these large estates that take away from the character of the village. Overall the plan needs to better address the needs and wants of anyone under retirement age, not just pay lip service to their needs as is the case currently in the plan.

Like many others my age, I would not seek to downsize to a large estate on a major road outside the village. This assumption in the plan is flawed and not based on any credible evidence. Large estates like this are not in-keeping with the character of the village. The 2015 survey clearly identified a preference for infill housing and not large estates.
