Please state which part of the Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

HOUSING P.64

Please use the space below to make comments on this part of the Neighbourhood Plan.

I object to the site of potential development of 35 houses. Our house backs on to the site and we worry flooding will increase if the field is built on. The water drains ~~to~~^{along} the end of our properties and this will increase the chances of flooding with more run off from the ~~field~~ roads of the development.

Another concern we have is sewer drainage as it has become a regular occurrence that the sewers get blocked, the system cannot ~~be~~ cope with more houses being added to it.

My final concern is the road access to the site. To build a road there, they would need to knock down the bus stop and fell several trees which I would object to, also ~~the~~ having a road junction there would be hazardous to the users of the bus stop opposite including school children in the mornings.

Please use a separate form for each representation.

Please state whether you would like to be notified of the Council's decision on the Neighbourhood Plan proposal:
