Please state which part of the Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

HOUSING P.64

Please use the space below to make comments on this part of the Neighbourhood Plan.

P.64 states there is no need in Harvington for anymore 3-4 bed houses, but they may need up to 36 Bungalows, this seems a very high number for 1 village.

Then on the development site they say they want to build 35 properties of which 10% would be bungalows and 10% affordable housing which would be only 3-4 bungalows and the same of affordable houses.

I object to having 35 new houses anyway but if they have to be built they should all be bungalows or starter homes if that is actually what is needed.

Please use a separate form for each representation.

Please state whether you would like to be notified of the Council's decision on the Neighbourhood Plan proposal:
