Please state which part of the Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

HOUSING P.64

Please use the space below to make comments on this part of the Neighbourhood Plan.

I object to the site of potential development of 35 houses. Our house backs onto the site and we worry flooding will increase if the field is built on. The water drains along the end of our houses and the amount of water will increase if the field is tarmaced and built on.

A 2nd concern is the sewers drainage as it has become a regular occurrence that the sewers get blocked. The system cannot cope now so would be a huge problem if 35 houses were adding to the system.

My final concern is the access road to the site. For a road to be built from Village Street would mean felling trees and demolishing the current bus stop. It would also make the bus stop opposite a more hazardous place to wait with a busy junction opposite.

Particularly for the school children in the mornings
