Dear Mr Sadler

CLEEVE PRIOR NEIGHBOURHOOD PLAN - REGULATION 16 CONSULTATION

Thank you for the invitation to comment on the Cleeve Prior Draft Neighbourhood Plan. We are pleased to note that our suggestions at Regulation 14 stage have been taken into account. Our previous substantive Regulation 14 comments remain entirely relevant, that is:

"We are supportive of the content of the document, particularly its' emphasis on local distinctiveness. It is clear that the Plan has benefitted considerably from the input of the Worcestershire Archaeology and Archive Service and local conservation expertise and Historic England highly commends the approaches taken in the Plan to the conservation of the historic environment.

We commend the identification of important green spaces and views to be protected and also note and commend the provision made for the conservation of historic farmsteads and archaeological remains.

In conclusion, Historic England consider the Cleeve Prior Neighbourhood Plan to be a well-considered, concise and fit for purpose document that effectively embraces the ethos of "constructive conservation".

I hope this is helpful.

Yours sincerely,

Peter Boland
Historic Places Advisor
