Policy CP11

Please use the space below to make comments on this part of the Neighbourhood Plan.

- I support policy CP11.
- I believe that the opportunity for development, whilst radical in an “open countryside” sense, is admirable in its intention and should be championed.
- It will, if allowed, resolve the overarching problems currently associated with the site and which are noted in the NDP.
- It seems to me that such a housing development should comprise a mixture of dwellings primarily for private sale. These should be of varying capacities to facilitate their wider appeal (and viability to the developer).
- Clearly a successful development will benefit the village and in particular the viability of the village school (another plank of the NDP).

I consider the document as a whole is an excellent document that properly reflects the views of the village overall.

Please use a separate form for each representation.

Please state whether you would like to be notified of the Council's decision on the Neighbourhood Plan proposal:
