Dear Sir,

I grew up in a house that is [REDACTED] from the edge of the CFS0407sc site off Hall Green, Malvern. Spending over [REDACTED] years there, I care deeply about the potential impact of these developments. If the proposals go ahead the ecology and ecosystem of the fields will be destroyed and damaged forever. The wildlife I have seen includes [REDACTED] [REDACTED] and numerous species of wild birds. The natural habitats should be preserved for the benefit of all living within Malvern and for the generations to come.

Yours faithfully,

--
